RE: Renewed Petition to Make Special for nonprovisional utility patent application titled "Drill Bit Cone Protector"; Attorney Docket: **OCI807**, **Application No. 10/822,262**

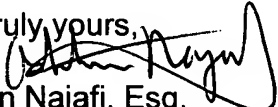

To Whom It May Concern:

Applicant's Petition to Make Special (Applicant's Age) dated April 12, 2004 was dismissed December 3, 2004. Due to the relocation of the Attorney of Record's Office, Applicant never received the Decision on Applicant's Petition. The Decision to Dismiss was based on lack of evidence of applicant's age. Applicant respectfully submits a copy of Applicant's birth certificate was attached to and submitted with the Petition.

In a phone conversation on March 23, 2005, Randolph A. Reese, Special Programs Examiner, indicated that, under the circumstances, a renewed petition would be granted if submitted with proper evidence of Applicant's age. Accordingly, Applicant respectfully requests the above-referenced application, previously submitted, be made special and examined out of turn, per 37 C.F.R. 1.102(c). This renewed petition includes a copy of applicant's birth certificate as evidence showing applicant is over 65 years of age, a copy of Applicant's return receipt postcard indicating the filing of the original Petition, and a copy of the Decision On Petition To Make Special. No fee is required with such a petition.

Should any questions arise, please contact the undersigned attorney of record.

Very truly yours,
